

**REMARKS**

In the specification, new paragraphs "cross reference" paragraph and "brief description of the drawing" are added. Other subtitles are also inserted in their corresponding positions.

To avoid multiple dependency, claims 4-12 are cancelled and new claims 13-50 are added.

For the convenience of the United States Patent and Trademark Office, enclosed is a Form PTO-1449 listing the references cited in the corresponding PCT application together with a copy of the German reference.

Respectfully submitted,

René Frederik Koch
